Mildura Finance	5

## **Presidents Report**

Welcome to Tappet Torque for February.

The last couple of months has been very busy with 2 meetings in December. The 360 Sprintcars on the 3rd and on the 28th the Bass Highway Waste Modified Series which was ran in conjunction with the local Murray Magic Series, both the meetings were well supported by Production Sedans and Street Stocks from away with racing in all classes being very competitive.

January 6th and 7th were also good for the club with the World Series having a street party in Langtree Mall on the Friday, that the club got great publicity from and Saturday nights racing went off very well for both the promoters and the club.

The Australian Street Stock Title on the 21st and 22nd of January attracted 65 cars from most states, the meeting was a challenge for all competitors and officials in the forty degree plus heat. There was a couple of problems over the 2 nights but things worked out alright and the spectator numbers and the sponsorship money the drivers raised helped for a successful weekend.

February 4th was the second round of the Motorsports North West Motorcycle Series, the points from both rounds were combined to find a winner. The riders were very happy with the way it was run and are looking at something similar for next season.

The only down side was Warrick Dickeson falling and hurting himself. His injuries saw him being sent to Melbourne as a precaution and he is now recuperating.

Tappet Torque wasn't published last month because of the busy lives we all have these days and we need to have more people contributing to its content. If any member finds an item that is interesting please contact Janine.

A note to all club members that have access to the internet. It is a great tool for the club and race fans and all comments on the homepage are available to all interested people so please check the facts before making comment. I have noticed there have been a few comments based on rumor. Any member with a question is most welcome to contact myself or any committee member or attend a general meeting, all letters written to club will be answered.

## Social Club Presidents Report:

Welcome to the February Tappet Torque.

Hope everyone had a great Christmas break and that everyone is refreshed for the coming meeting.

Many thanks to everyone for their help during the WSS and the National Title for the Street Stocks. Congratulation to the winners.

I would especially like to thank Jenny, Karen, Krystyna, Jan and helpers for making sure that there was food always available at all racing meetings but particularly on the Saturday of the Street Stock Title night when it was so hot, they still managed to prepare food and serve it with a smile. Thank you very much.

Thanks must also go to Janine and Lyn with their helpers in the souvenir van. They do a tremendous job also.

Thanks also to Gwen for selling raffle tickets, a job well done also.

Just a reminder to all members that there is new stock available in the souvenir van.. Great new kids tees, stubby holders, bucket hats and club polos. Don't forget that there is a 10% discount to club members. Credit card facilities are also available.

A date to remember is the presentation night that will be held at the Red Cliffs Club on the 3rd of June.

The next Social Committee meeting will be on February 20th at 8pm at the clubrooms. All class members and friends are very welcome to attend.

**Social Committee President**
